

Professional Treatment Services, LLC believes in providing inclusive, cutting-edge, proven mental health/addictions treatment services at a reasonable cost. We offer two tracts of treatment: The Chemical and/or Behavioral Abuse and Dependency tract and the Psychotherapy tract.

Chemical and/or Behavioral Abuse and Dependency Tract Description and Costs

In the Chemical and/or Behavioral Abuse and Dependency tract there are two levels of treatment; Outpatient which is less than 9 hours of group, individual, and/or family therapy per week and Intensive Outpatient which is from 9 hours up to 20 hours of treatment per week.

Level I Outpatient Treatment Session - Each group session consists of two one-hour segmented structured processing periods that will incorporate a basic skill set in each hour. The numbers of outpatient sessions are individualized according to the client's needs and can be from two sessions up to four sessions per week. Cost is \$80 per day.

Level II Intensive Outpatient Session - Each group session consists of three one-hour segmented structured processing periods that will incorporate a basic skill set in each hour. The numbers of intensive outpatient sessions are individualized according to the client's needs and can be from three sessions up to six sessions per week. Cost is \$120 per day.

Alcohol and/or Drug Information School - 8hours – \$80

Psychotherapy Tract

Individual and Family Therapy: ½ hour -\$50; 1 hour -\$100 1.5 hours \$150

Assessments with recommendations: \$135

Forensic Assessments: \$250 + \$50 per hour for research

Financial Policy

We are pleased to file your insurance claims as a service to you, however we cannot be responsible for how your insurance company pays your claims.

It is important that you understand that if you have insurance, that policy is an agreement between you and your insurance company. Except in a few cases, we are not a party to that agreement. We can, however, still file claims for you. This office is currently contracting with the following insurance companies: AAPS Block Grant Public Funded Treatment, Value Options, AETNA, Blue Cross/Blue Shield of Kansas, CIGNA, Com-Psych, Private Healthcare Systems, Century Health Solutions, United Healthcare, United Behavioral Health, New Directions, Medicaid and Medicare.

Once your insurance company has processed your claim and payment is sent to this office, we will send a bill to you. Payment is expected at that time. If your insurance company has not paid your claim the way that you expected, that will be between you and your company. The account balance will still be due from you at that time. If necessary, you may arrange a payment schedule with the billing office. Monthly payments and regular contact are required when a payment schedule is in place.

Questions regarding insurance payments and/or costs please contact The Billing Office at 785-235-8669.
